Dear Exhibitor,
Greetings from **TECH VAPI**!

We are delighted to introduce the 3D Virtual Tour and Digital Exhibitor Directory of the **10th TECH VAPI 2024** – An Exclusive Industrial Exhibition. This innovative platform allows you to explore your stall and revisit the expo experience anytime until the next exhibition. With a legacy of highly successful events in 2011, 2012, 2013, 2014, 2016, 2018, 2019, 2022, 2023, and now 2024,

TECH VAPI has firmly established itself as a premier industrial exhibition in Gujarat. Focused on empowering Small & Medium Enterprises (SMEs) in diverse industries—Engineering, Machinery, Machine Tools, Process Equipment, Electrical & Electronics, Instrumentation & Automation—we provide a unique opportunity to showcase innovations, generate targeted sales leads, and network with key customers.

Vapi, being one of India's largest industrial hubs, along with its neighboring regions of Silvassa, Daman, Valsad, Sarigam, and Umargam, houses around 15,000 industrial units. This vibrant zone comprises industries spanning Chemicals, Packaging, Pharmaceuticals, Plastics, Rubber, Engineering, Textiles, Glass, and Food Products. The wide participation from these units, along with exhibitors from other states and countries, makes TECH VAPI an unparalleled platform for growth and innovation.

For over 20 years, through our publication Vapi Industries Directory (a division of SOFTWEB, Vapi), we've been dedicated to empowering the industrial sector by sharing valuable information and updates on cutting-edge technologies. **With TECH VAPI now a recognized name across Gujarat and India, we are excited to extend our footprint with exhibitions in Silvassa, Boisar (Tarapur), and Daman in the near future.**

As always, we stand by our motto, **"TOGETHER WE GROW,"** and remain committed to delivering exceptional value for your business. Explore, network, and grow with us at TECH VAPI 2025!

Warm regards,
Rajen Patel
